### **Information about Kilda Cruises**

We run our trips from Leverburgh, South Harris. We ask passengers to arrive at the pier no later than 7:45am, leaving at 7:50am and it takes approximately 2 hours and 45 minutes to reach Village Bay, St Kilda, sometimes longer dependent on weather. We then go ashore by a 4 metre inflatable dinghy when a National Trust Warden will give a short briefing. Passengers have about 4 and a half hours ashore to explore at their leisure before returning to the vessel when we do a tour of the stacks and Boreray on the boat, giving an opportunity to view the huge bird colonies and the spectacular sea cliffs. We arrive back at Leverburgh at 7.30pm.

### **Booking Policy**

Our season runs from 21st April to 22nd September and we accept bookings for three trips per week. We give each booking two possible days to give a bit of leeway with the weather. We ask for a deposit of £100 per person to confirm your booking and this is returned to you if we are unable to take you on either day. **Please note that we are not permitted to retain card details so we request that you contact us on the numbers given if a refund is required.** The balance is payable on the return journey from St Kilda. We recommend a minimum age of 10 years for children travelling with adults, as the trips can be bumpy sometimes due to the speed of the vessel.

### **2023 Prices**

Over 14 - £285  
Under 14 - £255

**It is very important that you contact us before your trip with a phone number for when you are in Harris. We also ask that in any case you phone us around 7pm the evening before your trip to confirm that you are on the island and to check on weather, etc. Our phone numbers: 01859 502060 or 07760 281804.**

### **On The Day of Your trip**

Passengers are required to take a packed lunch and wear warm clothing and a waterproof. The ground is quite soft when of the village path and good waterproof walking boots are needed if hill walking is intended. Tea and coffee is available on board the vessel in Village Bay. There is a WC on board and toilet facilities on the island for the use of passengers.
